

Application for Commercial Photography Permit

Northville Historical Society Mill Race Village

Application for Commercial Photography Permit Terms and Conditions, Use and Restrictions

The Northville Historical Society (“NHS”) welcomes Commercial Photographers to use Mill Race Village (“Village”) as their outdoor studio for photo and video shoots with clients. Commercial Photographers must obtain a Commercial Photography Permit to take any photographs on the grounds of the Village. A “Commercial Photographer” is defined herein as a person or company that directly or indirectly charges a fee for their photography services, sells their images in any way, or uses images of the Village to sell any product or service. This includes posting our image on Social media accounts to promote a business. “Photography” includes film and digital formats with still or motion imagery. Photography instructors associated with for-profit organizations or companies are considered Commercial Photographers. Commercial Photographers hired by parties who have a written contract with Mill Race Village (e.g., photographer for weddings at Mill Race) do not need a Photography Permit for the event, but must adhere to the Terms, Conditions, and Restrictions related to Commercial Photographers.

Northville Historical Society Mill Race Village Photography Policy

The Northville Historical Society is a 501(c)3 non-profit, volunteer organization that operates and finances Mill Race Village (“The Village”). The Village grounds are popular for photography. We want each guest experience to be memorable.

Photography -- which encompasses film and digital, still and motion imagery – may be taken in public areas for personal use. Personal use means that the images will not be sold or used for any commercial purpose. Personal photographs or videos may be shared with friends, family, and social media web sites. Students must be prepared to show Student Identification. Non-profit photography classes, clubs or groups of three or more amateur photographers are required to call ahead so that we can put you on the schedule and let you know of any Village events that may limit your activities.

Commercial photographers like to use Mill Race Village as their outdoor studio for photo and video shoots with clients. Photography for commercial use requires a Commercial Photography Permit. A commercial photographer is defined as a person, organization or company that directly or indirectly charges a fee for their photography services, sells their images in any way, or uses images of Mill Race Village to sell any product or service, this includes sharing photos taken at Mill Race Village on social media to promote a business. Photography instructors associated with for-profit organizations or companies are considered commercial photographers and must follow all policies applicable to commercial photographers.

Please refer to the Commercial Photography Permit Application for additional information on the Permit’s fees and related terms and conditions.

News media commercial photographers who prominently display news media ID will be allowed to take photographs during regular business hours as long as they do not interfere with Village guests. News media photographers are required to provide notification in advance of their planned visit.

Guests taking personal or commercial photographs may visit the Village from dawn to dusk when the grounds are open to the public, with the exception that Commercial photographers may not use Village grounds on Sundays, between 1:00 p.m. and 4:00 p.m., from

June through October or when the Village is being used for weddings or special events.

Photographers taking images for personal use may use tripods on Village grounds. Additional equipment, such as lights, ladders, and props, are prohibited without prior written permission from the Northville Historical Society. Without said permission, the photographer will be deemed a commercial photographer and asked to leave the grounds until a Commercial Photography Permit is acquired. This includes students doing work on class assignments, amateur photography clubs, and other photography students or hobbyists.

All photographers must be courteous and use good judgment while photographing. For the safety and enjoyment of Mill Race Village, the following **Rules of Photography Etiquette** apply to all photographic activities on Village grounds. These rules are as much for your safety as it is for the safety, longevity, and conservation of the buildings and grounds of Mill Race Village. This is a historical site and its historical value must be protected. The Northville Historical Society reserves the right to refuse permission or terminate a photography shoot, for personal or commercial use, at any time if a Village representative deems a photographer’s behavior is not in the best interest of other guests or the Northville Historical Society.
